[redacted] Staten Island, New York, advised that she could not give an estimate as to the average number of vacant apartments at the beginning of each month at the Tysens Park Apartments, nor could she furnish an average number of apartment turnovers at the apartment complex. She estimated that there were approximately 20 applications submitted on a weekly basis to the Trump Management Company Central Office and that 90% of these applications were approved by the Central Office. She said that more than half of the applications submitted were from black applicants. She said that about 25 persons came to the Rental Office each week inquiring about renting an apartment, but she could not estimate what percent of these persons were black.

b6
b7C

[redacted] knew of no policy on the part of Trump not to hire black or Hispanic superintendents or doormen. She knew of no code referring to a black applicant and no policy showing preference to rent apartments to Jewish persons or executives. In her capacity in the Tysens Rental Office she was not allowed to make any decisions concerning an applicant's financial qualifications, but such decisions were made by the Central Office in Brooklyn. She accepted an application from anyone interested in renting an apartment at Tysens and was never instructed to do otherwise by anyone connected with the Trump Management Company.

figure double what it really was in order that the black person could not afford the apartment.

FOGLER stated that he has no knowledge of a system in which the superintendent showed a phony lease to a black or Puerto Rican applicant to prove that a vacant apartment had just been rented.

FOGLER advised that while he could not recall the names of any persons who may have knowledge of a racially discriminatory policy engaged in by Trump Management Corporation, he estimated at least 50 per cent of tenants in 2650 Ocean Parkway had been there more than three years and might know something about the racially discriminatory practice previously described.

FOGLER stated that there were about 192 tenants in total in 2650 Ocean Parkway, and that one of these tenants was black.

FOGLER provided the following signed statement:

"I, Jack Fogler, make the following voluntary statement to [redacted] who has identified himself to me as a Special Agent of the Federal Bureau of Investigation. No threats or promises have been made to me to induce this statement and I am aware that it may be used in a court of law." b6 b7c

"I was employed by Trump Management Corporation from February, 1970 to May, 1971 as a Doorman at 2650 Ocean Parkway, Brooklyn, New York. This building is also known as Ocean Terrace.

"While employed in this capacity, I was supervised by an individual known to me as [redacted] who was employed by Trump Management Corporation as superintendant at 2650 Ocean Parkway, Brooklyn, New York." b6 b7c

[redacted] told me that if a black person came to 2650 Ocean Parkway and inquired about an apartment for rent, and he, that is, [redacted] was not there at the time, that I should tell him that the rent was twice as much as it really was, in order that he could not afford the apartment." b6 b7c

"If [redacted] were in the apartment at the time when someone would inquire about renting an apartment, I would merely refer the person to him as the superintendant." b6 b7c

 Incorporated.

He stated that he was in the employ of Trump Management
 during the period August 1972-May 1974, when he terminated his

He advised that all applicants were shown all vacant apartments fitting their needs and that all applicants who desired a rental application were provided one.

He advised that he was not authorized to nor did he ever advise a tenant that they were or were not acceptable. However, he did stated that there was an understood requirement that a prospective tenant would have to have an income high enough so that the monthly rent payment for the apartment applied for would not exceed twenty-five percent of the renter's salary.

He advised that when he brought the application to the rental office, he never advised anyone at the rental office, either verbally or in writing, as to the race or any other characteristics of prospective tenants. He added that this was never asked of him either, by anyone at the rental office.

He stated that he as unaware of any requirements placed on prospective renters by the rental office other than that the applicant had to be at least 21 years of age and that his monthly rent could not exceed twenty-five percent of his salary. He added that he believes that the rental office also desired at least two years continuous employment by applicants, but does not think that this was an inflexible requirement.

He stated that he is not familiar with how the rental office went about checking out desireability of applicants or how they were approved or rejected as tenants.

He stated that the only way he knew an applicant was to become a tenant was when he received a copy of the lease to be executed by the applicant which was sent him by the rental office.

He advised that he was never given any instructions for procedures to be followed in renting to blacks or Puerto Ricans.

He stated that he never maintained a "phony" lease or check for the purpose of showing that a vacancy had been rented when a black or Puerto Rican inquired about an apartment.

He stated that during the time of his employment, of the approximately 225 apartments at Laurence Gardens, approximately six apartments were occupied by black and Puerto Rican families, adding the makeup was four Puerto Rican and two black families.

NK 177-56

He advised that he knows of no instance where an applicant was denied residence because of race or color and could not provide the name of anyone he believes has information of possible racial discrimination by Trump Management.
